Marcy,

Per our phone conversation, Barley's will need to apply for an additional privilege to add a temporary outdoor service area to their existing license. The application is free on our website but it does require their dram insurance carrier to approve it and it will also need your (the city) approval. In order for you to approve it, please make sure you have their new sketch showing what this additional privilege will cover.

If you have any questions feel free to ask.

Thanks!
